

To whom it May Concern:

I am concerned that a radio station that I listen to frequent and support may be displaced by an LPFM broadcaster. K-Love is a christian station that I have listened to for the last several years. They provide notification of local events but are broadcast nationally so when I travel I can listen to the same message and music. I was recently deployed for 15 months with the US Army Reserve and the fact that I could still listen to the K-Love station was very important to me. I believe K-Love provides a valuable service to our community and would hate to see it displaced. I listen to K-Love on FM 88.9. Thank you for your consideration of this matter.
